## **Space and Naval Warfare Systems Center Awards Contract**

CHARLESTON, S.C. — Lockheed Martin Services, Inc., Cherry Hill, NJ, is being awarded a \$26,504,545 modification to an indefinite delivery, indefinite quantity, cost-plus-fixed-fee contract (N65236-00-D-3815) for technical and engineering support services for the operation of the Navy Array Technical Support Center. This effort includes such services as production of the Surveillance Towed Array Sensor System (SURTASS), A180R single line and twin line array, SURTASS towed array module repair, AN/SQR-19 and TB-16 Towed Line Array module repair and Vibration Isolation Module production, SPALT 9080 module repair, tow cable manufacturing and termination, and AN/SQR-19 and TB-16 hose manufacturing. This contract includes options, which if exercised would bring the cumulative value of this contract to \$74,951,979.00. This contract combines purchases for the U.S. Navy (87.8 %) and the government of Japan (12.2 %) under the Foreign Military Sales Program. Work will be performed in Norfolk, VA (98.8%) and Pearl Harbor, HI (1.2%), and is expected to be completed by November 20, 2004. Contract funds will not expire at the end of the current fiscal year. The original contract was competitively procured through the Space and Naval Warfare Systems Command Electronic Commerce web site and Commerce Business Daily, with two offers received. This modification action is issued on a sole source basis and was published in the Commerce Business Daily. The Space and Naval Warfare Systems Center Charleston, is the contracting activity (N65236-00-D-3815).
